HUMOR

Some more puns....

What do you call a bee that can't make up its mind? A Maybe

What did one blade of grass say to another about the lack of rain? I guess we'll just have to make dew.

Atoms are untrustworthy little critters. They make up everything!

The past, the present, and the future walk into a bar... It was tense.

Did you hear about the man who was accidentally buried alive? It was a grave mistake.

Becoming a vegetarian is a huge missed steak.

Did you hear about the mathematician who was afraid of negative numbers? He'd stop at nothing to avoid them.

Why didn't the sun go to college? Because it already had a million degrees!

What do scientists use to freshen their breath? Experi-mints!

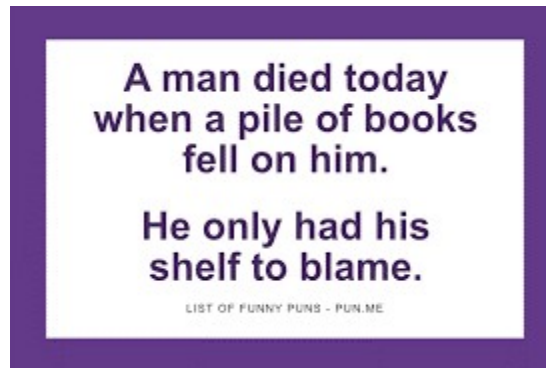

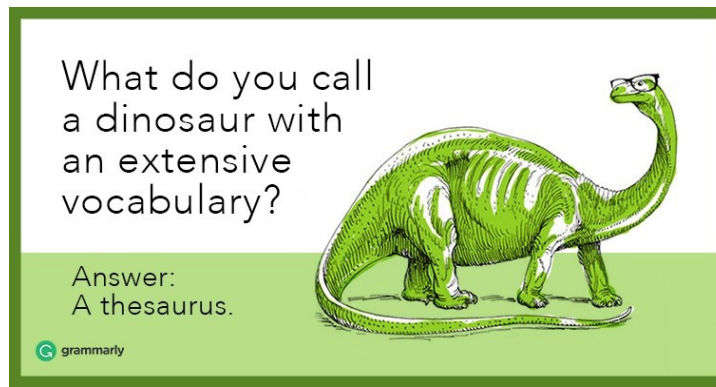

Are you going to finish that atom? You want to split it?

I still hear my mom's voice in my head telling me what to do. It's a mom-ologue.

ACCORDION TO A RECENT SURVEY,
REPLACING WORDS WITH THE NAMES OF
MUSICAL INSTRUMENT IN A SENTENCE,
OFTEN GOES UNDETECTED

The duck
said to the
bartender,
'put it on
my bill.'

Not a pun, but very apt, especially these days!

OF COURSE I
TALK TO MYSELF.
SOMETIMES I NEED EXPERT ADVICE.

LOOKING FOR SOMETHING ELSE, OR SOMETHING ON A PRIOR LIST?

You can look back at recent lists [on our website](#).

For the online items noted in this list and previous lists, we've done our best to make sure the links work. But if they don't, we suggest you Google the name of the place or activity to get to the site. Most of these activities are free, and most are not time-sensitive (although a few have a minimal charge or a deadline).
