Coffee despite COVID! A semi-staged photo from our last coffee outdoors behind Rustic Bakery. We did have masks as you can see, but of course took them off to drink coffee and to eat the biscotti Betty brought. A great time was had by all—including a number of folks who didn't make it into this picture! Come join us this month.

COVID ALERT!

If you are immunocompromised, you can get a booster shot! Boosters are likely going to be available to everyone in September. Call the office if you need help with scheduling or need a ride to the location where the boosters are given.

Also remember that Marin Villages is requesting that members and volunteers wear masks when accepting/giving Marin Villages car rides or services provided in homes, as well as at indoor events/gatherings in private homes **unless it is certain that everyone present is fully vaccinated.**

Better safe than sorry....

WELCOME, NEW MEMBERS!

Members: Judy Sanford and Kate Van Gytenbeek recently joined TPV as members.

Volunteers: Carolyn Wendler joined as a volunteer.

Welcome, and we look forward to seeing you at one of our events soon.

AND MORE...

Touch wood, disasters have been happening around us, but not here so far. But let's not get complacent and think it won't happen here. Get ready! Be prepared! An ounce of prevention is worth a pound of cure! Choose your favorite adage, but don't put off the things listed below!

Remember to sign up for fire and other disaster alerts if you have a cell phone or voice over internet phone. Register with AlertMarin (www.alertmarin.org) and with Nixle (text your zip code to 888777). Note that landlines are already registered with AlertMarin.

Check out the Get Ready Marin website for helpful information if you haven't already.

Create an emergency plan with your family or closest family friends so everyone knows where to meet up or where you will be if separated and what escape routes you have identified.

Keep your emergency kits and “go bags” where you can easily find them. Include a mask and bandana to help protect against smoke. Don’t forget sturdy shoes and long pants and a jacket. Prepare pet carriers and pet food, if you have pets.

Always keep your cell phone fully charged and your gas tank at least ½ full in case electricity is lost.

Evacuate via car, rather than on foot. Only call 911 if you have no means of transportation and need to evacuate.

HOW ABOUT A LITTLE HUMOR TO END ON A HAPPIER NOTE?
